

Dear Colleagues,

It is a great pleasure for us to introduce the January 2017 issue of our e-journal to you.

In the present issue, we have five point-of-technique video-articles with accompanying surgical videos related with Robotic Urology, Laparoscopic Urology and Robotic General Surgery. We also have interesting meeting reports.

We would like to take this opportunity to invite you all to submit your articles and videos to Robotics, Laparoscopy & Endosurgery and visit its website [www.robotictimes.org](http://www.robotictimes.org)

We hope this journal and platform gives the opportunity of sharing experience and knowledge with published articles & videos in an international setting.

We wish you all a very happy new year in 2017!

With kind regards,
