

27th Advanced Applied Laparoscopic Urology Course and Symposium

Name of Course : “27th Advanced Applied Laparoscopic Urology Course and Symposium”

Date and Place of course : Moscow, Russia, April. 3-5. 2014.

Trainers on behalf of Turkurolap Group: Prof. Dr. Ibrahim Bozkirli, Prof. Dr. Yasar Ozgok, Assoc. Prof. Dr. Ali Serdar Gozen, Assoc. Prof. Dr. Lutfi Tunc, Assist. Prof. Dr. Yigit AKIN.

Other international trainers : Prof. Dr. Jens Rassweiler (Germany), Prof. Dr. Mahesh Desai (India), Assoc. Prof. Dr. Ali Serdar Gozen (Germany).

Course presidents: Prof. Dr. Eduard Gallyamov, Prof. Dr. Mahesh Desai, Assoc. Prof. Dr. Ali Serdar Gozen.

Symposium presidents: Prof. Dr. Jens Rassweiler, Prof. Dr. Yasar Ozgok, Prof. Dr. Dmitry Pushkar.

By the April. 03, the course began in “Training centre of the Russian State Science and Research Medical University”. On behalf of Turkurolap Group respectively, Prof. Dr. Ibrahim Bozkirli, Prof. Dr. Yasar Ozgok, Assoc. Prof. Dr. Ali Serdar Gozen was performed their oral presentations. After then, Assoc. Prof. Dr. Ali Serdar Gozen presented “EBULIS acknowledgements”.

After the lunch break, all trainees were studied in lapararoscopy training box under supervision of Turkurolap experts respectively; Assoc. Prof. Dr. Ali Serdar Gozen, Assoc. Prof. Dr. Lutfi Tunc, Assist. Prof. Dr. Yigit AKIN. After the warm-up exercises, all trainees were examined according to EBULIS exam by these experts. The first 8 trainees who were successful in this exam, gained to join the live operations.

At the same time, the other international trainers (Prof. Dr. Eduard Gallyamov, Prof. Dr. Mahesh Desai, Prof. Dr. Jens Rassweiler) and Prof Dr. Yasar Ozgok lectured the trainees in POP training boxes.

In April.04, the expert trainers of Turkurolap groups were performed live surgeries. Prof. Dr. Yasar Ozgok performed laparoscopic retroperitoneal ureterolithotomy. In moderation of Prof. Dr. Jens Rassweiler, Prof. Dr. Jens Rassweiler, Assoc. Prof. Dr. Ali Serdar Gozen and Assist. Prof. Dr. Yigit AKIN performed robotic retroperitoneal radical prostatectomy (Heilbronn technique), and laparoscopic retroperitoneal milin prostatectomy by 3D vision. In moderation of Assoc. Prof. Dr. Lutfi Tunc, Assoc. Prof. Dr. Lutfi Tunc, Assist. Prof. Dr. Yigit AKIN and Dr. Huseyin Gumustas performed robotic transperitoneal radical prostatectomy. There was no complication during operations as well as in short term follow-up.

Besides these operations, other trainers performed operations respectively, robotic transperitoneal partial nephrectomy (Prof. Dr. Mahesh Desai), laparoscopic nephrectomy by 3D vision (Prof. Dr. Eduard Gallyamov), laparoscopic radical prostatectomy (Prof. Dr. Sergey Popov).

In April.05, Prof. Dr. Mahesh Desai and on behalf of Turkurolap group Assoc. Prof. Dr. Ali Serdar Gozen presented lectures on LESS and mini laparoscopy in urology,

respectively. After then, same speakers performed their closing speeches. All trainers and trainees were awarded certificates. By the way, the scientific part of course ended.

As a result, oral and video presentations were performed during the course. All trainees were lectured on laparoscopic urology in training box as well as POP model. All trainees were lectures EBULIS exercises and all of them underwent EBULIS exam. Laparoscopic and robotic assisted laparoscopic operations were performed successfully. High number of participants drew attention during course and symposium.
