

Dear Colleagues,

It is a great pleasure to introduce the third issue of our e-journal to you.

In the present issue, we have four point-of-technique video-articles with accompanying surgical videos related with Robotic Urology, Laparoscopic Uro-Gynecology, and Endourology. In addition, we articles related with Nuclear Medicine (68Ga-PSMA PET in Prostate Cancer), management of erectile dysfunction following robotic radical prostatectomy, management of laparoscopic complications and laparoscopic retroperitoneal surgery. We also have two interesting meeting reports.

Our journal constitutes an international platform as articles have been submitted from Canada, Germany and Turkey.

We think that "Surgeons with hobbies" section about "Photography" will attract your attention a great deal.

We would like to take this opportunity to invite you all to submit your articles and videos to Robotics, Laparoscopy & Endosurgery and visit its website www.robotictimes.org. we hope this journal and platform gives the opportunity of sharing experience and knowledge with published articles & videos in an international settings.

With kind regards,
